This type of accommodation enables the students to get an exclusive insight into the Spanish way of life.

One of the advantages is the benefit from the extra Spanish practice and social contact with the family and friends outside the school. You will be surrounded by 'Spanish 24 hours a day'.

If you choose to stay with a Spanish host family, we will request one in which previous students of ours have had good experiences and we can therefore be confident that you will be well treated and feel right at home and are usually fully integrated into their family.

The personal relationship is the basis for practical and natural use of everyday Spanish. Students are able to choose between a double or a single room, and half or full board.

Students will receive their own house key, you only have to bring your own towels. Please indicate on the registration form if you require any special nutrition, have any allergies or any other special requirements...
